## **List of Services**

### Health & Wellness Program (HWP)

One-on-one ongoing support with our Client Support Worker (CSW). Eligibility for person living with HIV or Hep C, or those who are at increased risk of sexually transmitted and/or blood-borne infections (STBBIs). This includes:

- Person who uses substances
- Person who participates in sex work
- Person experiencing homelessness
- 2SLGBTQIA (Two-spirit, lesbian, gay, bi, trans, queer, intersex, asexual) person or cis/trans men who have sex with men (MSM)
- o Youths who are at increased risk
- Indigenous persons

The HWP provides clients who fit our mandate with individualized services and supports to address needs related, but not limited to, physical, mental, sexual, and social health; housing; nutrition; income.

#### Men's Health Initiative Program (MHI)

The MHI Program provides services to any and all queer men in the Interior BC. The key issues that it hopes to address are accessibility and support for queer men accessing healthcare, with a focus on sexual health, HIV/AIDS, & Hep C; addressing gaps in queer men's connectivity and networking in the area; and providing education and community outreach to individuals, service providers, and businesses in regard to queer men's issues and needs. These can be summarized by 3 categories: Healthcare and Wellbeing, Connectivity, and Education and Community. This includes support related, but not limited to, connection to STI testing and treatment for queer men, PrEP/PEP access and resources, queer competency workshops, for individuals and service providers, networking events, advocacy and education on HIV medication, treatment, and prevention.

There can be overlapping services provided to clients over the HWP & MHI program, please contact us for further details.

### Harm Reduction Education Program (HRE)

The HRE Program provides workshops and educational sessions to individuals, service providers, community organizations, and businesses. Available workshops topic includes, but isn't limited to: HIV 101, Hep C 101, Sexual Wellbeing, Inclusive Language & Queer Literacy, Drug Overdose Response & Naloxone Training, and other workshops as requested. The workshops can be provided either over Zoom, or in person.

#### **Drop-In Services**

Our Drop-In services are available Monday to Friday, 2:00PM to 5:00PM. Snacks, harm reduction supplies, fentanyl testing strips, menstrual products, naloxone kits, and other items are available during this time. These items are subject to availability, as some products are donation-based. Other services include sexually transmitted and blood-borne infections (STBBIs) testing, and drug checking (FTIR) services, available numerous times a month.

Please do not hesitate to contact us with questions or concerns. All services provided by LPRC are free of charge.
